

REPAIR OR TRADE UP TO THE NEUTRONICS ULTIMA ID™

Flat Rate Service Program

Neutronics offers a flat rate repair for certain newer models. This flat rate repair covers all required service to make your identifier as good as new (almost)! The cost is \$325.00 and includes a 6 month warranty*** on the repaired components. Call your service agent to see if your identifier qualifies.

Helping you choose which unit is right for your business:

If you are working on cars or automotive refrigerants the **RI-2004DX/DXP** unit is designed for this application. If you are in the commercial business and working with R22, R134A or R12, the **RI-2004HV/HVP** is the most economical choice. However, if you want detailed analysis and deal with HVAC/Commercial refrigerant blends, the **RI-700H** is designed for this application, specifically the reclaiming business.

Trade Up Options

BASIC

Trade in any Make/Model/Condition refrigerant identifier along with \$929.00 and receive a NEW Neutronics **RI-2004DX** or **RI-2004HV** portable refrigerant identifier delivered to your door. This NEW unit will come with a full 1 year warranty.***

ADVANCED

Trade in any Make/Model/Condition refrigerant identifier along with \$1199.00 and receive a NEW Neutronics **RI-2004DXP** or **RI-2004HVP**. This unit differs from the Basic option with a build in printer to document your results. This new unit will come with a full 1 year warranty.***

PROFESSIONAL

Trade in any Make/Model/Condition refrigerant identifier along with \$4295.00 and receive a NEW Neutronics **RI-700H** portable identifier. This new breed of identifier has the latest cutting edge technology to analyze many different blends with never seen before detailed results. This new unit will come with a full 1 year warranty.***
